**COVID- 19 Status: We are not on outbreak at any of our locations. Thank you to our staff, residents, and community visitors who respect protocols and help keep us all safe.**

Please note that we are doing our due diligence with ensuring as best we can that staff who may have come into contact with individuals who have tested positive for COVID-19, are staying at home, or sent home immediately with instructions to isolate for 14 days and get tested. Staff are supported through this process.

We are working closely with Alberta Health to ensure that our residents and staff are safely cared for. We solicit your prayers for all staff and residents.

We know that these are stressful days for everyone and will attempt to keep you informed as much as possible.

Together we can make a difference in our community.
